INSTITUTE OF  
TECHNOLOGY

## Did you know?

Caltech can accept your invoice electronically! Paper invoices are no longer required if you send your invoices to us via email as a PDF.

## It's easy!

Simply create your invoices in Adobe .pdf format and email each invoice separately to our email address at:

[accountspayable@caltech.edu](mailto:accountspayable@caltech.edu)

## Requirements:

**Send your invoice in Adobe .pdf format** We are unable to accept other formats (no JPG, TIFF, PNG, etc.)

**Submit only one single invoice, (one PDF) per email** We are unable to accept multiple invoices on a single email and are unable to accept multiple invoices scanned as a single PDF.

**No Postal Mail** When submitting your invoices via email, do not forward physical copies in the postal mail. These will be considered duplicates and discarded.

**Purchase Order Required** Don't forget... for timely payment, a valid Caltech Purchase Order number must appear on the face of your invoices!

**No Reply** The above email address is for invoice submissions only! No correspondence please! You will not receive a reply to correspondence sent to this email address. For questions, please contact the Procurement Hotline at the email or phone number listed below.
